

NIHR Infrastructure Visiting Speaker Award (IVSA)

Are you an NIHR Infrastructure Trainee looking to present your research to and network with colleagues from other parts of the Infrastructure? Do you want funds to cover travel, subsistence and room hire costs to help you do this? Then APPLY NOW for the NIHR Infrastructure Visiting Speaker Award (IVSA)!

The IVSA will fund up to £500 worth of travel, subsistence, room costs and refreshments so you can present your research to colleagues in another part of the NIHR Infrastructure. It provides opportunity to network and to benefit from being part of something larger than your local environment. The application process is simple and shouldn't take more than 20 minutes.

IVSA awardee Hywel Williams

What the IVSA helped Hywel achieve:

- open up a dialogue between GOSH and Manchester BRCs;
- share his research on genetic diagnostics with more than 40 clinical scientists, clinical geneticists and research academics;
- make contact with a leader in the field, and;
- collaborate with a new group of colleagues.

“(The IVSA is) a fantastic opportunity to showcase YOUR work to others and make new contacts. Do it!” - Hywel Williams

Want to know more? Hywel's event details can be found [here](#)
